ABOUT US

The George Biddle Kelley Education Foundation empowers at-risk communities by delivering transformative resources and programs that forge strong families. We collaborate with national and local partners to provide vital scholarships, immersive college bus tours, and impactful workshops focusing on responsibility, leadership, and entrepreneurship. By cultivating these essential skills, we equip youth to break cycles of disadvantage and realize their full potential.

Fueled by strategic fundraising and sponsorship, the Foundation directly invests in the future of deserving high school students. This work honors the extraordinary legacy of George Biddle Kelley, a Troy, NY native and son of a fugitive slave. Kelley defied formidable odds to become a Cornell-educated civil engineer, a founding member of Alpha Phi Alpha Fraternity, Inc., and the first African-American engineer registered in New York State. More importantly, he was a tireless advocate for his community and a champion of racial harmony. His life embodies the Alpha Phi Alpha ideals of 'Manly Deeds, Scholarship, and Love for All Mankind,' principles that drive the Foundation's commitment to creating lasting change.

The George Biddle Kelley Education Foundation builds stronger families in at-risk communities through targeted programs and resources. We provide scholarships, college bus tours, and leadership workshops, empowering youth with the tools for success.

Through dedicated fundraising, we expand opportunities for deserving students, honoring the legacy of George Biddle Kelley. Born into adversity, Kelley became a pioneering engineer, a founder of Alpha Phi Alpha, and a champion for his community. His commitment to scholarship, service, and equality inspires our mission to create pathways to a brighter future.
